**CPS HUMAN RESOURCE SERVICES RECEIVES \$440,000 CONTRACT TO
PROVIDE WORKFORCE PLANNING SERVICES TO THE CITY OF ATLANTA
CPS to Re-organize and Re-structure Major Systems and Processes in City Government**

Sacramento, CA—CPS Human Resource Services was recently awarded a \$400,000 contract to provide workforce planning services to the City of Atlanta. CPS and two subcontractors, Organization Navigators and Career Consciousness, Inc., will conduct process reviews for the Atlanta Department of Personnel and Human Resources. The reviews will begin in mid-April and will focus on eight key HR areas – policy, training and development, career and succession planning, performance management, classification and compensation, payroll, safety, and employee separation.

“We are excited to be offering the best workforce planning services possible to Georgia state agencies and the city of Atlanta,” says Bob Lavigna, Senior Manager for Client Services at CPS. Lavigna heads up CPS’ regional office in Madison, Wisconsin and will manage the project from there.

“These process reviews will give us the road map to make city government more efficient and more responsive to our citizens,” Atlanta Mayor Shirley Franklin said during a press conference held to announce the process reviews.

As a joint powers agency, CPS is helping to improve human resources in the public sector. CPS provides human resource management consulting, test development and test rental services to more than 1,000 state, local and federal government agencies, public and private utilities, associations and other organizations throughout the United States and Canada.
